

POLLO TROPICAL® SERVES UP THE FLAVORS OF THE CARIBBEAN

Miami-based Pollo Tropical (pronounced PO-YO Tropical) is famous for its signature citrus-marinated, flame-grilled chicken. Pollo Tropical is earning new fans daily with its unique, fresh and healthy menu items.

Pollo Tropical, part of Fiesta Restaurant Group® (NASDAQ: FRGI), owns and operates over 120 locations in Florida, Georgia and Tennessee, and Texas. There are also five licensed restaurants located on college campuses, and over 30 franchised locations throughout the Caribbean, Central America, South America and Puerto Rico.

Pollo Tropical, founded in 1988 in Miami, has a rich history rooted in serving fresh, handcrafted food with the distinct flavors of the Caribbean at affordable prices. Its menu is based on the Caribbean islands' melting pot of culinary culture featuring bold, tangy and distinct flavors using savory spices, mixed herbs and citrus. These are blended into rubs and marinades that enhance the flavors of fresh vegetables and meats such as pork and Pollo's signature chicken dishes.

Pollo Tropical has built its loyal following on its famous fresh, never frozen, grilled bone-in chicken marinated in a proprietary blend of tropical fruit juices and spices, then flame-grilled to perfection. In addition to its signature bone-in chicken, Pollo Tropical's [extensive menu](#) offers boneless, skinless grilled chicken breast, Mojo Roast Pork and Grilled Tropical Wings along with made-from-scratch sides including rice, beans, yuca with garlic sauce, sweet plantains and more. Pollo Tropical is also famous for its Create Your Own TropiChops®, made with tender grilled chicken breast or Mojo Roast Pork (or meatless for a tasty vegetarian option), topped with a choice of white rice, brown rice or yellow rice, vegetables and choice of sauces.

With a variety of platters, value meals, combos, sandwiches, salads, wraps, kids meals and family meals, Pollo Tropical's full-flavored offerings have always been a healthy alternative to typical fast food. The restaurant uses ingredients that have zero added trans fats or hormones.

Pollo Tropical's famous Saucing Island brings on the flavor – and a little heat – with 10 signature sauces, including Curry Mustard, Guava BBQ, Pineapple Rum and Cilantro Garlic. The sauces allow diners to further customize their meals and tempt their taste buds with craveable, zesty, tropical flavors.
